

MEMORANDUM

To : ALL DEALER'S REPRESENTATIVES
From : THE MANAGEMENT
Date : 30 NOVEMBER 2018
Subject : **Implementation of e-Banking and e-Statement**

We refer to our earlier memos and wish to inform that based on the feedbacks and appeals from Dealer's Representatives, we managed to obtain an extension of one (1) month from our banker.

As such, the implementation date for e-Banking has been extended to **1 January 2019**. The service charges of **RM10.00** in addition to all related charges will still incur for each cheque issued after the implementation.

The Management also wish to inform that in the first quarter of 2019, we will be sending electronic statements to clients via their registered email addresses. If your clients have yet to sign up, a portal will be made available for them to register and obtain their electronic statements. However, if your client wishes to obtain their physical statements after the implementation, a fee will be charged for each statement issued.

We wish to reiterate that the response for both exercises is not encouraging. As such, to avoid the charges, we strongly urge you to request your clients to opt for the e-Banking and e-Statement facilities by submitting the "Application for Electronic Share Payment" form and "Request for Electronic Statement" form respectively.

Both forms are available via our website: www.tasecurities.com.my or at any of our offices.

Thank you.
